aseptic +plus

7 Solutions in 1

Aseptic Plus+ is an EPA registered hospital-grade disinfectant cleaner, mold killer and super effective odor eliminator. Ready to use, with no mixing required, just spray, wipe or fog right from the bottle.
NON-REACTIVE and NON-CORROSIVE

1. **EPA hospital-grade disinfectant**
   Kills numerous bacteria and viruses including 99.999% of those causing MRSA, Staph, E. coli, Hepatitis A, B & C

2. **NSF food surface sanitizer – no rinse required**
   99.999% Sanitization on food contact surfaces. Aseptic Plus+ is fragrance-free and won't alter the taste of food on sanitized surfaces

3. **Mold & mildew killer**
   *Kill and prevents spores with up to 7 months residual effects. Safe on a wide range of surfaces – marble to carpeting and beyond.**

4. **Odor eliminator**
   Kills odors caused by smoke, trash, septic systems, stale cooking, and more. Aseptic Plus+ contains no masking agents or fragrances and is highly effective at neutralizing urine and fecal odors.

5. **Allergen eliminator**
   Proven effective on pet dander as well as dust mite and cockroach allergens. Can be used directly on pet bedding and sleeping areas.

6. **Antimicrobial control**
   Aseptic Plus+ is an antimicrobial. Eliminates bacteria, mold, mildew and other fungi. Disinfects and eliminates odors and ensures air quality in HVAC systems.

7. **Carpet and fabric cleaner**
   Approved by The Carpet & Rug Institute for use on synthetic carpets and fabrics. Kills odor-causing bacteria on contact by eliminating the source. Great for upholstery, curtains and auto interiors.

Our Solution Is Your Solution

- Residential and commercial locations
- Schools, day-cares, educational facilities
- Athletic Facilities
- Restaurants, cafeterias, food service facilities
- Cruise ships, hotels, hospitality services
- Government and public offices
- Jails, prisons, correctional facilities

Available In:

- 3oz. Travel Bottle
- 32oz. Trigger Spray Bottle
- 1 Gallon Bottle
- 2.5 Gallon Bag in a Box
- 55 Gallon Drum

Aseptic Plus+ Has 3 Dilution Ratios:

Full Strength

For Heavy Duty Elimination of Odors, Mold and Mildew—perfect in sprayers for HVAC ducts, pet and household odors and car interiors.

5:1

As a Cleaner for Sanitizing Carpet & Fabric and for Heavy Duty Grime on Hard Surfaces. : Aseptic Plus+ is used 5:1 when used as a cleaner in restrooms and for grime build-up.Compatible with most synthetic carpeting and commercial cleaning machines.

9:1

For Daily Cleaning and 99.999% Sanitization on Food Contact Surfaces with no rinse required; provides a 30-second kill time on Escherichia coli and Staphylococcus aureus.

Safe, Effective, Long-lasting

- USEPA Reg. No 82972-1-90331
- NSF rated (D-2) No Rinse Required on Food Contact Surfaces
- Hypo allergenic - Allergen reducing formula
- pH balanced at 8.5
- Shelf stable - over one year shelf life
- No special shipping or handling instructions
- Non-corrosive—safe on treated articles like carpeting, fabrics, natural stones, plastics, stainless steel and clad metals
- Fragrance-free, with no offensive odor or taste
- Non-irritating to skin; no gloves required
- Used in emergency response to eliminate Norovirus outbreaks
- Used in disaster response to eliminate mold and mildew from flood damage
- University and government sponsored studies document long-term effectiveness on mold and mold spores, even eliminating mold spores.

Breakthrough Technology
Aseptic Plus+ is an ecologically safe alternative to noxious chemicals that is fragrance-free, pH balanced at 8.5 and produces no harmful byproducts. Effective on 20+ viruses and bacteria—it can be used throughout interior environments to clean and disinfect air, surfaces, fabrics and furnishings, and eliminate allergens and tough odors.

Aseptic Plus+ includes components that dramatically decrease the size of its particles. This increases the ability of the active solution to spread and penetrate both hard and porous surfaces. This also makes it effective against airborne pathogens by reducing droplet size from sprayers and foggers.

"As the president of a microbiology testing lab, I see and evaluate new antimicrobial technologies often. After extensive testing, I can comfortably say that Aseptic Plus+ is one of the most exciting new technologies on the market. Its dual-active system cleans well and is effective against a wide variety of pathogens—most importantly, it does the job quickly."
—Benjamin D. Tanner, Ph.D.
President, Antimicrobial Test Laboratories
